A Cincinnati criticism on "The Pirates of Penzance:" "The thin pirate with the terrific moustache had his right calf on wrong side out."

One of the grounds on which Mr. Say demands a divorce, at Lafayette, Ind., is that his wife, "although well knowing the plaintiff was a Democrat, refused him the privilege of bringing Democratic papers to his house."

A somewhat foolhardy act has been performed at Calais by an actress, who entered the lions' cage at the menagerie, and there recited Victor Hugo's "Caravane." Her musical voice had the traditional effect of "soothing the savage breast," as the lions never attempted to interrupt her performance.

The annual fair for the hiring of the Dorsetshire (England) farm laborers, male and female, took place on a recent Saturday, when in wet and mud above 1000 "hinds" paraded the streets and stood in groups waiting to be hired by the year. The farmers have in vain tried to put down the fair, which was this year styled in posters the "slave fair."

Tommy Coulter's New Nose.

From the New York Herald.

Crowds of visitors are calling daily at Bellevue Hospital to see Thomas Coulter, the patient who is now the possessor of a nose which was but recently his middle finger. About three weeks ago the plaster of Paris bandage was removed from his face, and a careful examination showed that the finger had grown fast to the site of the former nose. Dr. Sabine at once decided to sever the hand from the two joints which were thereafter to serve as a nose. Tommy was rendered partly unconscious by the use of anesthetics, and the amputation was performed without much trouble. During the two months in which the finger had been growing to the face, the blood had reformed from the hand and arm because of its peculiar position, leaving them as white as snow. Shortly after the operation, the tube through which Tommy breathed was removed from its position in the larynx. The patient is at present in a peculiar position. In order to have a shapely nasal organ the second joint of the amputated finger was crooked so that the elbow forms the top of the nose. The end of the finger was stitched to the upper lip in a neat manner. The next step in the process was to remove pieces of skin from the cheeks and forehead and allow them to grow on the new nose. The consequence is that there are no nostrils at present, and Tommy breathes through his mouth and ears. In order to avoid this inconvenient mode of inhaling and exhaling, an operation is shortly to be performed with a view to providing the new organ with nostrils. Coulter's articulation is good, but his voice sounds as though he were speaking through a ram's horn. The surgeons in charge of the case are confident that they will be able to remove this impediment very easily. The wonderful patience which Tommy displayed during this trying ordeal enabled them to operate with more success than in ordinary cases. It is proposed to remove all scars from his face by the process of skin grafting.

WHY STAND YE HERE IDLE?

An effort is being made by the Eureka to attract capital to their camp. Money is being contributed to issue a pamphlet for circulation in the East and Europe setting forth the resources of the district. The editor in a circular to business men and miners says:

Eureka is to-day one of the best, richest and most extensive mining districts in existence, yet we are comparatively little known to the outside world. Colorado and Arizona are having their "boom," while our own district lies dormant. Our people appear content, so long as the Eureka Consolidated, the Richmond and a few other mining companies issue their checks monthly, while the fact is that many more miners might be constantly employed, an impetus given to all branches of business, and within one year we, too, might have a "boom" and feel its effects.

Colorado is to-day the best advertised country ever discovered. Her citizens, believing their mines had merit, made them known through agents in the eastern states and the free use of printers' ink, and to-day Leadville, though so much younger than Eureka, has a population five times as large, and is daily increasing. It supports five daily newspapers, and recently the business men had printed a pictorial paper for gratuitous distribution. The result of this policy is clearly seen.

What Eureka requires is capital to purchase and develop her mines, as there is no doubt that there are many mines in the district which will prove equally as valuable as the Eureka Company's, if opened up and properly handled.

It is sheer folly in us to longer hide our riches from the world, but to invite capitalists by all publicity possible to come and examine our mines, when we may expect them to purchase; for, upon examination, it will be clearly seen that they possess more merit than they have ever been credited with.

To effect this end it is proposed to publish, in cheap pamphlet form, at least 10,000 copies of a work containing a general description of the district, and mines possessing merit; showing the product of those already opened, and what may be expected from many others, if properly developed. To do this I ask the aid of every man in Eureka district, whether he be a proprietor or a copy of the pamphlet, which will contain over 150 pages and cost fifty cents per copy. The work will be issued during the month of May, provided a sufficient number of copies be subscribed for.

This is all as true of Washoe county as it is of Eureka. We have not as big mines as the Richmond but we have those that can be worked cheaper and the profits will double up faster. Other parts of Nevada are struggling for mills, railroads, ditches and other material aids to development, while Washoe hardly has enterprise enough to ask for the Democratic State Convention.

KILLING FISH WITH GIANT POWDER.

It is reported that a certain man is making a business of killing fish for this market by means of giant powder. In the absence of any proof of his guilt, it is not expedient to mention the name of the accused party. But there are men in Reno who will prosecute all such offenders on information, and parties who use giant powder will be apt to get themselves into a bad scrape. To take fish in this manner for market is a most rascally proceeding. The explosion of a giant powder cartridge destroys every living thing in the water within a radius of many feet. It kills not only the old fish but the small fry as well. Every man who takes any interest in the valuable fisheries of the Truckee should do all he can to bring such piscatorial pirates to justice.

A SUGGESTION.

The Reform Club audiences are constantly annoyed by the noise made by late comers. While reading or singing is going forward it is vexatious to hear the tramp of feet up the aisle and the scraping of chair legs on the floor. It annoys the performers and distracts the attention of the audience. It is suggested that it would be a good plan to admit no one while the audience is listening to any music, singing, reading or recitation. The adoption of such a rule would have a tendency to bring people in earlier, and would add much to the enjoyment of the proceedings.

EDITORIAL NOTES.

It appears that New Hampshire is for Maine. A canvass of Republicans throughout the state gave the following result: Total number of votes, 3,923; Blaine, 1,890; Grant, 608;

Edmunds, 524; the nominee, 265; Secretary Sherman, 190; President Hayes, 126; Washburne, 98; General Sherman, 55; Garfield, 33; Chamberlain, 23; Conkling, 17; Evans, 8; Hawley, 7; Fish, 5.

Mr. Lewers represents Washoe county in the Democratic State Central Committee. We hope he will use all his efforts to bring the Convention to Reno. The facilities for holding a meeting here are well known. There is considerable interest taken by Reno Democrats in the matter.

A decision has been made by a Judge in New York State that when a married man becomes physically incapable of work his wife must support him. This ought to encourage more men to plunge into matrimony. From this point of view a wife is better than an accident insurance policy.

The walking match in San Francisco closed at 11 o'clock Saturday night, O'Leary leading by 26 miles. At the close the score stood: O'Leary, 516; Weston, 490.

A San Francisco thief did not know that the woman whose pocket he tried to pick was the Great American Female Sausage, belonging to a circus then in the city; but he was sure he had made a mistake when she struck out from the shoulder, knocking him down like a ten pin hit by the big ball.

Recently a lady arrived in Sacramento by rail, and soon after was taken to the county hospital in a destitute condition. The charges on her baggage amounted to \$10. The railroad authorities, learning that there was a worthy case for charity, notified the General Ticket and Passenger Agent, secured a release of the charges and forwarded the goods.

Drinking and Crime.

According to Herr von Puttkammer, the Prussian Minister of Education, there has been a steady increase of crime and immorality in the great towns of Germany during the last ten years; and the Minister declared in Parliament the other day that this unsatisfactory state of things had not been without effect on the teachers in elementary schools, except in Berlin. This was to be attributed in a considerable measure to the increased facilities for drinking, which had been provided by recent legislation, and which had injuriously affected large sections of the community.

Mrs. Astor's Detective.

From the Cincinnati Gazette. It is said that John Jacob Astor always has a detective in his service, and his dwelling is never left unguarded. Hence he has never suffered from deceptions. The detective who accompanies Mrs. Astor to all places where her diamonds are displayed is said to represent an elegant dressed gentleman, who mingles quietly among the guests, and yet keeps up a constant watch upon the \$80,000 worth of diamonds.

A Yale Student's Lucky Invention.

STATE LANDS.

Late Rules and Instructions Adopted by the State Land Office.

STATE LAND DEPARTMENT. CARSON CITY, NEV., March 10, 1890.

For the convenience of applicants and agents for the purchase of State Lands, it has been found necessary to adopt the following instructions heretofore adopted and published by this department:

1st. Applications for the purchase of Unsurveyed Lands cannot be entertained, and will in all cases be refused.

2d. No application for the purchase of any lands will be received until the official plats have been filed in this office.

3d. Contracts for the purchase of lands must be signed by the applicant or his legally authorized attorney, whose special power of attorney, duly executed, must be deposited in this office before the contract can be completed.

4th. A special order of some Court having proper jurisdiction is required to authorize the legal representative of a deceased applicant to enter into contract for the purchase of land applied for by deceased; such order must specially describe the land, give the name of applicant, the name or names of persons authorized to sign contracts, and such order must be properly attested by the Clerk of the Court, and be deposited in this office, before such contract can be perfected. A special order of the Court in such cases is sufficient. No transcript copies of will, letters testamentary or other proofs of authority are required.

5th. In case full payment is made on the application or contract of any person since deceased, an order of the Court having jurisdiction of the estate of deceased is required, directing to whom the patent shall issue.

6th. Applications to purchase lands, and the money deposited therefor, cannot be withdrawn except for such part thereof as the State may for any cause be unable to convey. In case there are two or more applicants for the same land, all can withdraw except the one entitled to purchase.

7th. The legal representative of a deceased applicant entitled to withdraw can do so by presenting the duly attested order of any Court having jurisdiction of the estate of deceased.

8th. A deed from the applicant invests the grantee with the right to make full payment and receive the patent (in the name of the applicant) or to withdraw money deposited in case the sale cannot be completed, but does not authorize the grantee to enter into contract. See Rule 3.

9th. Patents will invariably issue in the name of the applicant, except in case this Department is legally notified of the death of such applicants, in which case patent will issue as provided in Rule 5.

10th. The powers of attorney and orders of Court above referred to must specifically state the act and thing to be done by the attorney or necessary authorized agent, and division of survey as written in the application.

The proper form of power of attorney can always be had on application to this Department. A. J. HATCH, Surveyor General and ex-officio State Land Register.

MARRIED.

STICE-McLEISH-In Reno, March 13, 1920, by Justice Young, Morgan A. Stice to Zoe McLeish, both of Reno.

JOTTINGS.

Quite a number of pupils attend Mrs. Alt's Saturday afternoon classes.

Mrs. McGlinley advertises pleasant rooms to let, with or without board.

Parties were looking over the Palace Hotel Saturday evening with some intention of opening it.

Miss Jennie Hill was the recipient of a surprise party last Friday evening. There were singing, games, cake, tea, etc.

The marriage of Morgan A. Stice to Zoe McLeish was solemnized by Justice Young. The groom is about forty-five years old and the bride about fifteen.

Phi. Bates was in from Long Valley to-day. He says that there is hay enough in Sierra Valley for all present demands, for sale by two men he knows of for \$18 per ton.

There is a great deal of talk about the J. & K. prospects. The drift is in 9 feet in the richest body of ore ever struck in the district. The rock assays \$180 to the ton.

The report that hay had reached \$80 per ton in Sierra Valley was much exaggerated. Nelson Hammond, who is well informed in regard to the condition of things up north, says that hay is worth in Sierra about \$30 or \$35.

There were three hats stolen from the theatre on Saturday night while dancing was going on. The unfortunate owners can recover themselves with hats of the finest quality at Sunderland's. A Carson gentleman, in town yesterday, says that Sunderland keeps better hats than any dealer in Carson.

"Give me a pint of whiskey, quick, and charge it to Tom Hyman," said an excited man, as he rushed into Bechtel's Oasis saloon at a late hour last Saturday night; "his biggest Jack's got the St. Vitus' dance and he wants to give him the whiskey to keep his heels down." Bechtel and the crowd thought the dodge too thin, and the man left in a hurry.

Why Don't the Indians Whistle?

EDITOR GAZETTE:—It is a curious fact, which seems to have escaped the attention of scientific men, that Indians do not whistle. Can any of your readers explain why the Red man is thus peculiar? Is it because of some peculiarity of physical structure that no melodious or other whistle ever escapes the lips of the savage, or is it because he has no music in his soul? INQUIRER

Reno, March 14, '20.

A Good Landlord.

The Auburn hotel is one of the neatest and most comfortable hostleries in the foothills. Mr. Smith has been a long time in the business and has a host of friends among the traveling public. His house has nice large rooms, good beds and furniture, and his table a wholesome and agreeable bill of fare. See his ad in the WEEKLY GAZETTE.

Change of Conductors.

Conductor Willard has been transferred to the Sacramento and Truckee division. He commences to run on No. 2 to-night, and expects that he will be kept on the overland express trains hereafter. Calderwood, whose place Willard takes, is said to be going to Oregon. Willard is one of the most estimable men on the road, and he has a host of friends here who will regret the change that takes him from Reno.

Sighting for Thirteen Weeks.

There is still a great deal of snow up north. In Sierra Valley it is over two feet deep. Hammond & Wilson have been running sleighs on this stage route for thirteen weeks continuously, between Summit and Genesee on the Indian Valley road.

The Reform Club Entertainment.

A large audience gathered at the theatre on Saturday evening to listen to the Reform Club entertainment. There was some excellent singing and music, and also a number of good readings and recitations. Miss Knowlton, a teacher lately from the East, displayed much elocutionary ability, and is a decided acquisition to the list of the Club's volunteer entertainers. Mrs. Garrison, of Virginia, sang in a manner that elicited a double encore. A novel feature of the entertainment was the anvil accompaniment to Miss Marzen's selection from "Il Trovatore." If there was an artist at the piano there was another at the anvil, for Miss Higgins swung the hammer in a masterly manner, and brought out all the music of which steel is capable. Her instrument made up in volume and resonance what it lacked in brilliancy. Good as the anvil chorus was, the audience undoubtedly better enjoyed hearing Miss Higgins sing.

Mr. Boardman's discourse on "What Now and What Then?" treated of the underlying forces of society, the power of public sentiment, and the necessity for various social and political reforms. He spoke with much force and ability, but too long. His speech occupied about an hour. The Reform Club audiences are impatient when a speech occupies over half an hour in its delivery. Future speakers should take note of this fact. Many of the young folks who attend are eager for the dance, and have no ears for anything but the opening strains from the band.

The dance was remarkable for the scarcity of ladies. It is time that the young men realized the necessity of being a little more gallant, if they don't want to be left out in the cold, when the music begins.

Tickets to the dance don't admit the bearer to the entertainment any longer. Since they were reduced in price from one dollar to fifty cents, it has been made necessary to purchase separate tickets to the "soiree," costing one dime.

Two Attempts at Robbery.

An attempt to break into the store of Lachman & Meyer was made last Thursday night. A door in the rear of the shop was cut in several places near the lock, but very slightly, as though some sudden alarm had caused an abandonment of the job. Mr. Meyer noticed the cuts on the door the following day, and to foil any future attempt covered the inside of the door with a sheet of iron. On Saturday night another effort was made to cut through the door. An inch auger perforated the wood near the lock but was stopped by the sheet iron. Finding that the proprietor had taken some precautions, the burglary was again abandoned. No further attempt has since been made. There are a number of bad characters prowling about, and citizens should take all possible precautions to protect their property.

Overland Passengers.

The following is the list of the overland passengers to pass through Reno this evening on the Pacific express: Count Ferdinand De Lesseps, Lieut. H. Bionne, Abel Couvreur, Marcel Gallay, France; Edward F. Moore, C. P. Osgood, R. M. Wilson, San Francisco; W. A. Mar... wife and two children, Chicago; S. E. Holden, F. A. Sawyer and wife, L. A. Cal.; Dr. J. L. Sweet, S. R. Hoyt, Atlanta, Georgia; Joseph A. Perkins, Chicago; W. H. Jacobus, Jersey City Heights, New Jersey; A. M. Reed, Minneapolis, Minnesota; J. A. McCorkie, Butte county, Cal.; Mrs. J. M. McCandless, Volcano, West Virginia; G. A. Bidwell, G. Irving and wife, New York; W. Blake, New Haven, Connecticut; Nathan Appleton, Henry Leland, Boston.

A Peculiar Case of "Scratching."

At the telephone office the other day a stranger tendered the following dispatch:

To —, New York.

For Christ sake send on those papers. (Signed)

Philips handed it back, saying: "Can't send that, sir. Against the rules. Profanity, you know."

"Well, then, fix it to suit yourself," replied the man.

Philips scratched out the words "For Christ's sake," and asked the stranger if the message would do as it then stood.

"Yes," said he, "send it on. But damn a country where they scratch Christ."

A Profitable Contract.

Says the Eureka Leader: About the 1st of February four miners contracted to do a certain amount of "tribute" work on the Connolly mine, Eureka. The tribute was to be one-fifth the gross amount that they should receive from the sale of the ore that they might take out. The four men worked just 21 days, and received last week, for the ore they had raised in that time, just \$3,000. In other words, after paying their tribute of \$600 to the owners of the mine, they each received \$600 for their three weeks' work—pretty good pay where all the capital that was invested was muscle and industry.

The Juveniles' Concert To-Night.

The children are in a fever of excitement over the Juveniles' Old Folks Concert to come off this evening. The little performers have been carefully drilled and know their parts thoroughly. The concert will consist of singing, music, recitations, etc. It will no doubt be very amusing, and singing by children in concert is always pleasing. The admittance is only four bits, and the theatre should be well-filled. The performance will be repeated to-morrow evening.

PERSONAL.

Mrs. J. E. Jones is at the Bay.

Allen C. Bragg and wife are spending a few days in Reno.

Geo. Starling, agent for Thors & Douvin, was here yesterday.

A. J. Hatch is down from Carson to-day. He returns in the morning.

Nelson Hammond will take a trip to Indian Valley in about a week.

H. Meyerstein, of the Great Eastern I X L, went below last night for new goods.

State Controller Hallock left Carson Saturday night for New York, where his boy is very ill.

Dr. Snow thinks of leaving Reno. He has Colorado, Ward and one or two other places in view.

E. Niles of the Carson Times was in Reno yesterday. The Times will appear to-morrow. It has already 460 subscribers in Carson.

A "real, live count" will be on the west-bound express train to-night—no less a personage than De Lesseps of isthmus canal fame.

Arthur Nichols, agent for Huntington, Hopkins & Co., put in an appearance at the dance on Saturday night. He has since gone to Truckee.

Dr. Sheets has returned from Carson and will remain until April 1, to give his right arm a rest. Then he goes to the capital again, where many jaws are aching for him.

S. Arnsfeld of Wadsworth was in town to-day. There's always a man from Wadsworth in town. Burchar folded himself away on the eastern express train Saturday night and has been caning the Wadsworth youth with fresh vigor to-day. He managed to grind all the corns on the floor at the Reform Club dance.

The Cattle Market.

James Miller arrived from the north last night with 100 head of cattle for the Nevada City market. He ships three car-loads to Dutch Flat to-morrow morning, and will feed the remainder here until April 1. Mr. Miller does quite an extensive trade in supplying the Nevada county market with beef.

There are no cattle reported on the road near Reno, and no large sales have been made.

Flint retained enough of those splendid cattle of his to supply the "Truckee Market" with the choicest beef. There is beef now hanging there with over an inch of fat on the ribs.

Highway Robbery.

John Condon, a bridge watchman employed on the railroad this side of Verdi, reports that he was robbed of \$80 and a gold watch and chain on Commercial Row last night. As his mind was somewhat hazy at the time, his recollections of the event are somewhat confused. He had two months' pay in his pockets, and now it is gone. This he clearly realizes. Officer Ross has arrested a colored man suspected of having taken advantage of Condon's happy, or unhappy, state of mind.

Held to Answer.

The man whom Ah Tong stabbed in Chinatown the other day is recovering and considered out of danger. Tong was examined before Justice Young this morning. There was enough evidence against him and he was held to answer to the next Grand Jury. The knife with which the stabbing was done has a long heavy blade and a big brass knob on the handle. The man's wound is not nearly so severe as was at first supposed. The knife did not penetrate far.

The Latest in Boots and Shoes.

T. Barnett is opening up a large lot of boots and shoes. He has new styles in every description of stock for ladies, from the dainty slipper to the 15 button boot. The men can find all kinds of encasements for their feet at his establishment. All sizes from number 1 to 25 kept in stock. Take a look at those patent "mule-heel" ranch boots. Mark Barnett is managing the concern now, and he is bound to have all the new things in leather wear.

Making Lumber.

The Pacific Wood and Lumber Company's mill at Clinton started up this morning. G. W. Houston of Reno goes up to attend to the work of taking the logs out of the dam ready for the saw.

Delayed Trains.

The cause of the delay of Saturday night's west bound express train was a collision at Rawlins on the Union Pacific, by which an engineer named Martin was killed. Last night's train was detained by snow on the U. P.

An Alleged Strike.

Mr. Reid received to-day a letter from Aurora saying that the tunnel McIntosh and Neida have been running near the Del Monte line, has struck the ledge and that the ore is very fine.

Stop That Cough.

With a sample bottle of Kaiser's German Elixir. This is the most wonderful cough remedy ever introduced, being mild, yet positive in its action and soothing under all circumstances. Old and young may use it with perfect security. It is rich in the medicinal properties of tar, wild cherry and horehound. Ask your druggist, Messrs. Osburn & Shoe maker, about its merits. They sell large quantities of it and say it supersedes all others. The genuine bears the Prussian coat of arms and the facsimile signature of Dr. Kaiser on the wrapper and has his name blown in the glass bottle. Samples 25 cent. Large 50 cent. feb 3

We Can't Talk.

Without showing the condition of our teeth. Every laugh exposes them. In order not to be ashamed of them let us use that standard dentifrice, SOZODONT, which is sure to keep them white and spotless. No tartar can support them, so canker affect the enamel, no species of decay infect the dental bone, if SOZODONT is regularly used. It is a botanical preparation, and its beneficial effect on the teeth and gums are marvellous, as it removes all discolorations, and renders the gums hard and rosy. DAW

Your doses of Mrs. Dr. Howe's celebrated rheumatism medicine will relieve the most intense pain. One bottle or more will cure. Sold by all druggists. jan 30-1mo

Church, just this moment stopped in our store to say, "I wish everybody to know that I consider that both myself and wife owe our lives to Whilo's Consumption Cure." It is having a tremendous sale over our counters and is giving perfect satisfaction in all cases of Lung Diseases, such as nothing else has done. Bourbon, Ind., May 15, 1878. Drs. Matthei & France. Solid Abyssinian Gold Watch

FREE! FREE! FREE!!!

The above offer is genuine, although at first
sight you would consider it impossible. We
will explain: Since we first established our
business here, March 1st, 1878, we have paid
particular attention to the buying of Bank-
rupt and Auction lots of Jewelry and Watches
often buying at as low as one-tenth their
value, and in no instance have we paid over
one-sixth the manufacturers' price. Since
starting we have always been able to dispose
of these goods in Chicago and through our
regular customers throughout the country at
nearly regular prices, as fast as we could pro-
cure them, but owing to the large number of
failures among the heaviest dealers and man-
ufacturers throughout this and other coun-
tries during the months of June, July and
August (the time when the jewelry business
is stagnant), we have now on hand an im-
mense stock of the most desirable goods. We
have ever handled, and which we have bought
at lower prices than ever before. In order to
dispose of this entire stock in the most
speedy manner possible, and make room for
new ones which we shall continue to buy, we
have hit upon the following novel plan:

We propose to give you a list of the most
desirable of these goods, giving opposite each
article its regular retail value, and sell to you
at the rate of Five Dollars for every \$25
instance, on receipt of 50 cts. we will send
you, POSTPAID, any article to the value of
\$2 50; on receipt of \$1, articles to the value
of \$5, and so on throughout the entire list.
Below we give a list of the most valuable of
these goods.
